"2024 DOUBLE THE FUN RAFFLE"

The IBPF has been fortunate to receive from one of its generous members an
IVER JOHNSON OVER/UNDER 50 CALIBER PERCUSSION RIFLE

For our 40th Anniversary Celebration

1984 - 2024

**40
YEARS**

This rifle was manufactured by Armi San Marco expressly for Johnson Arms Inc. of Jacksonville, Arkansas in 1985 (just one year after the IBPF was established). According to "Gun Digest" this double rifle was introduced in 1985 and discontinued in 1987. Per the same source these barrels are regulated to 50 yards, with an approximate twist of 1:48" and musket cap ignition. It is suitable for use with patched round or maxi ball.

Despite it's nearly 40 years of age this double barreled over/under rifle remains in excellent condition with minty bores, strong locks and perfect function.

**Tickets are able at \$10.00 each,
3 for \$20.00.**

In celebration of our 40th anniversary the IBPF offers a special
