ATTENTION TRAP SHOOTERS

We will be shooting the trap matches, like it's done at the nationals....After loading advance to your position (1,2,3,4,or 5). The scorekeeper/trapper will release targets in that same order "STATION ROTATION". When it's your turn to shoot, call out your competitor number, and if you're on the correct station, the trapper will say READY, then you can call for a bird. THIS WILL MAKE TRAP SHOOTING FASTER, ALLOWING FOR MORE SHOOTING Your TRAP competitor number, will be issued at the trap range. Thanks to all.
